

29 MISSING ON THE NEW HAMPSHIRE

Uncertain Yet as to Extent of Disaster at New York.

BODIES ARE NOT FOUND

Rattleship Crew Returning to Boat After Shore Leave Sink in Bay.

New York, Oct. 3.—Search was continued today for the bodies of United States sailors drowned Saturday evening when the cutter in which they were returning to their ship overturned, but so far not one of the 29 reported drowned has been picked up.

Give List of 29 Men.
New York, Oct. 3.—There was given out from the battleship New Hampshire last night a list of 29 men supposed to have perished by the swamping of a barge or whale boat which was being towed to the vessel at anchor in the Hudson river last night. Appended to the list are the names of 18 men who are still absent, but who were not recognized as having been in the swamped boat.

All day yesterday police boats dotted the cove in the river above West One Hundred and Fifty-seventh street, their crews grappling for bodies. But their efforts were without success, not one body was recovered.

Admiral Begins Inquiry.
On board the flagship Louisiana, Rear Admiral Vreeland convened a court of inquiry to determine the exact cause of the accident and place the responsibility. A number of the men who were on board the ill-fated boat told their stories and a report of the findings of the court will be forwarded to the navy department.

Whether Midshipman Chevalier, who was in charge of the barge, testified could not be learned. Neither could it be ascertained whether Chevalier was in the ship's hospital, where he was taken in a delirious condition after the accident.

Various versions of how the accident occurred were in circulation. The generally accepted one, however, was that the barge, heavily loaded with sailors and marines returning from shore leave, was towed into the trough between two waves one of which broke over the side and swamped it.

Five Boats to Rescue.
Instantly the choppy water became dotted with struggling, shouting men, intermingled with floating packages, suitcases and personal belongings that the men were taking back to the ship. The whistle of the little steam launch that was towing the barge rent the air with sharp, staccato calls for assistance.

Several Boats in the Vicinity.
However, for the river was running high in "white caps," kicked up by the strong wind. What few there were put quickly across the 200 yards that separated the distressed craft and the shore. Many of the sailors and marines were pulled aboard these boats; others held tightly to the swamped barge. Still others, unequal to the battle with the heavy waves and tide, floated up stream and disappeared.

List of Missing Sailors.
Captain Thomas S. Rodgers, in command of the New Hampshire, last night gave out the list with this brief introduction:
"The following is the list of the men missing from yesterday's liberty party who are thought to have been in the boat that swamped last night."

The list follows:
J. R. Boylan, ship's cook, fourth class, Brooklyn.
J. F. Erhart, gunner's mate, third class, New York.
J. Turner, water tender, Brooklyn.
P. White, seaman, New York.
G. Amateuzia, seaman, Avondale, Pa.
E. F. Blumgren, seaman, Worcester, Mass.
J. A. Benner, coxswain, Green Creek, N. J.
H. S. Bailey, ship's cook, third class, Ansonia, Conn.
P. F. G. Bakeman, fireman, first class, Grosse Point, Mich.
T. Bonfall, ordinary seaman, Philadelphia.
G. Brown, gunner's mate, first class, Boston.
H. Coombs, gunner's mate, second class, Springfield, Ohio.
W. Dorr, seaman, Philadelphia.
G. A. Davis, ordinary seaman, Lubbeck, Me.
P. J. Donohue, marine private; Temerick, Ireland.
J. Greene, oiler, Cleveland, Ohio.
N. S. Hey, ordinary seaman, Woonsocket, R. I.
M. Johnson, fireman, first class, Boston.
R. Karl, painter, third class,

THE WEATHER

Partly cloudy, with probably showers tonight or Tuesday, cooler.

Temperature at 7 a. m., 68. Maximum temperature in last 24 hours, 82; minimum in 12 hours, 68. Velocity of wind at 7 a. m., 11 miles per hour. Precipitation, none. Relative humidity, at 7 p. m. 59, at 7 a. m. 73.

(48 hour changes.)	
St. Paul	1.0
Red Wing	3.0
Reed's Landing	6.0
La Crosse	5.0
Prairie du Chien	1.0
Dubuque	1.3
LeClaire	5.0
Davenport	1.4

Only slight changes in the Mississippi will occur from below Dubuque to Muscatine.
J. M. SHERIER, Local Forecaster.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.)
Sun sets 5:35, rises 5:56; moon sets 6:03 p. m.; at sunset today year 5671 of Jewish era begins; 2:33 a. m., moon in conjunction with Jupiter, passing from west to east of the planet; 7 a. m., Mercury at ascending node, crossing sun's path upward; 11 a. m., Mercury apparently stationary.

CLEVELAND.

J. Knowe, marine private; no residence, no next of kin.
A. Mampley, coal passer, Richmond, Va.
J. F. Paspieski, ordinary seaman, Erie, Pa.
W. A. Richardson, electrician, first class, Philadelphia.
E. W. Sieber, ordinary seaman, Chicago.
M. T. Seals, electrician, first class, Columbus, Ga.
E. J. Turner, seaman, East Liverpool, Ohio.
T. J. Uehlin, ordinary seaman, Philadelphia.
R. J. Wenner, fireman, first class, Fullerton, Pa.
N. Bligh, coal passer, Roxbury, Mass.
"It is not certain," comments Captain Rodgers, "that these men were lost, as two of them originally on the list, returned today."

NEW FEAT FOR WALT BROOKINS

Proposes to Fly from Springfield to St. Louis in His Wright Biplane.

NO PRIZE IS OFFERED

Preparatory Exhibitions Given at Chicago Testing Machines for Race to New York.

St. Louis, Oct. 3.—Walter Brookins, the hero of the Chicago to Springfield flight of last week, will fly from Springfield to St. Louis, a distance of 85 miles, next Saturday. This announcement was officially made last night by the Aero club of St. Louis and Roy Knabenshue, the aviator, who arrived here yesterday from Springfield.

Should Brookins be unable to make the flight, it is planned for Arch Hoxsey, another of the Wright brothers' aviators, to make the trip. Whoever makes it will use the machine with which Brookins made his record-breaking flight.

The sky trip is being made without a prize being offered, and is planned to boom the aviation meet to be held at Kinloch Park Oct. 8 to 18. The course will follow the Chicago & Alton railroad from Springfield to Alton, and from that point the aviator will leave all railroads and cut across the open country to Kinloch park.

A gigantic bonfire of materials which will make a dense smoke will be lighted at the aviation field to guide the air traveler.

The start will be made from the state fair grounds in Springfield at about 11 o'clock Saturday morning. Because of the southwest currents usually prevalent in the upper air the Wrights expect the flight to take at least four hours.

Three Aeroplanes Race.

Chicago, Oct. 3.—Three aeroplanes arose yesterday at once and engaged in a three-mile race around the mile course of Hawthorne race track while 50,000 spectators, who came to see the events preliminary to the Chicago-New York air race, cheered the contestants. All were Curtiss model biplanes and they were driven by Curtiss, Charles F. Willard and L. A. D. McCurdy.

BRYAN TO SPEAK AGAINST CANNON

Danville, Ill., Oct. 3.—It was announced here today William J. Bryan would speak Oct. 20 and 21, stamping this congressional district against Speaker Cannon.

LA FOLLETTE TO HAVE OPERATION

Rochester, Minn., Oct. 3.—La Follette will enter a hospital this afternoon for preparation preliminary to an operation tomorrow for gall stones. He considers the operation of a minor nature and feels in the best of spirits.

WHOLE TOWN FEARS DIETZ

Cameron Dam Protector's Threat Puts Village on Guard.

GOING FOR DAUGHTER

Girl, Badly Wounded as Result of Gun Play, and Son Held Under Arrest.

Couderay, Wis., Oct. 3.—Every able-bodied man in Winter and surrounding country has been sworn as deputy sheriff and Winter and all approaching roads are guarded by men armed with rifles, fearing attack from John Dietz for the shooting of three of his children Saturday by deputy sheriffs. It is thought Sheriff Madden may storm the Dietz stronghold on the Thornapple river within a few days.

Means Loss of Life.
Mrs. Dietz and four children are still in charge of the cabin at Cameron dam and cannot be taken by storming the cabin without heavy loss of life.

Daughter Taken Away.
Winter, Wis., Oct. 3.—Myra Dietz, 21-year-old daughter of John Dietz, who was shot Saturday when Sheriff Madden and deputies fired on the Dietz children as they were driving to this town, was today taken to the Chipewa Falls hospital. Her wounds are so serious it is believed she will die. A score of deputy sheriffs armed with rifles stood about the train waiting for John Dietz, who had threatened to come to town and prevent officers taking his daughter away.

Had Pitched Battle.
There was a pitched battle Saturday between a posse headed by Sheriff Mike E. Madden of Sawyer county and two sons of John F. Dietz, in which both of the Dietz boys and their sister were wounded, the latter seriously.

Leslie, aged 21; Myra, aged 22, and Clarence, aged 23, were driving into Winter from their home at Cameron dam, when the posse, looking for their father, ordered them to stop. The Dietz boys, it is claimed, opened fire and the battle ensued. Leslie escaped to his father's house, but Myra was shot through the back. Clarence is under arrest here. Both men are charged with attempted murder.

It was reported that John Dietz would visit Winter Saturday night and "shoot up" the village. Sheriff Madden immediately swore in 50 men, who patrolled the streets armed with repeating rifles.

Shot a School Officer.
The present trouble involving the Dietz family which led to the shooting is the result of a quarrel Dietz had with Bert Horel, a school supervisor of Winter, over the rent of a building used for school purposes. The quarrel took place Sept. 7, when Dietz shot Horel through the neck, the wound not proving fatal, however.

A warrant was sworn out for Dietz' arrest, but he has prevented service by threatening to shoot. Knowing Dietz' record as defender of Cameron dam, deputies have been careful about approaching him.

Sheriff Explains.
Hayward, Wis., Oct. 3.—Sheriff Madden, explaining the shooting of the Dietz children Saturday, said that when he and his deputies met the Dietz children in a wagon they called upon them to throw up their hands. The children reached for their guns and the officers opened fire. Madden admits he forbade reporters to see Dietz and that he stopped his mail.

Governor Keeps Out.
Madison, Wis., Oct. 3.—Governor Davidson today refused to discuss the Dietz case, holding that the authorities on the ground are the ones to deal with the trouble. Deputy United States Marshall Appleby, who three years ago attempted to serve legal papers on Dietz, declares the shooting of the Dietz children was justifiable.

Go About Armed.
Appleby says the children go about fully armed and have aided

Dietz in evading arrest and declares Dietz is dangerous and that to get him guerrilla methods are necessary.

SEVENTY DIE IN A MEXICAN MINE

Victims of Explosion at Palu Were Mostly Natives and Japanese.

BUT TWO BODIES FOUND

Destruction of Ventilating Apparatus Prevents Immediate Search for Others.

Monterey, Mexico, Oct. 3.—Latest news from the coal mine at Palu, where the explosion occurred Friday night, indicates that the loss of life will probably be 72 miners, mostly Mexicans and Japanese. Only two bodies have thus far been recovered owing to the presence of poisonous gases. The force of the explosion blew down all of the timbers in the slope from the sixth lift to the surface. Entrance was made to the mine through the second opening, but all the ventilating apparatus being destroyed, it was impossible to penetrate into the mine far enough to reach any of the miners.

Second Party Went In.

The first rescue party was overcome and a second party had to go in and relieve them. They were overcome by after-damp, but were brought to the surface and recovered in a few hours.

The work of restoring the air currents is proceeding as rapidly as possible with all the men that it is safe to work. Two bodies have so far been recovered and there are about 70 more in the mine. There is no possibility of the men being recovered alive as it will be 48 hours more before all the bodies can be reached.

Cause Not Known.

The cause of the explosion has not yet been accurately determined, but the indications are that it was caused by miners smuggling in some common dynamite instead of using the safety powder furnished by the company.

MURAT HALSTEAD'S SON IS INDICTED

Failure of Brokerage Firm Followed by Filing of Charge of Embezzlement.

Washington, Oct. 3.—Griffin Halstead, son of the late Murat Halstead, whose brokerage firm failed Jan. 17 last, was indicted by the federal grand jury today on charges of embezzlement, false pretenses and larceny.

TWO BATTLESHIPS FOR THE CHINESE

Reported Bethlehem, Pa., Firm Has Contract for \$15,000,000 Job.

Pittsburg, Pa., Oct. 3.—It is announced on the authority of Lee Some, chief secretary for Prince Tsai Sun of China, in an interview today, that a contract for two Chinese battleships to cost \$15,000,000 have been awarded to the Bethlehem, Pa., Steel corporation. The statement has not been confirmed.

Delaware Makes Gain.
Washington, Oct. 3.—The population of the state of Delaware is 202,322, an increase of 17,587.

WORLD'S SERIES TO OPEN OCT. 17

Cincinnati, Ohio, Oct. 3.—The national baseball commission today decided the first game of the world's championship series between the Philadelphia Americans and Chicago Nationals will be played in Philadelphia. The date of the opening game will be Oct. 17.

The second game will be Tuesday, Oct. 18, at Philadelphia, the third and fourth games, Oct. 20 and 21, at Chicago, the fifth game Oct. 22 at Philadelphia and the sixth Oct. 23 at Chicago.

PREDICTION OF SENATOR GORE ON EFFECT OF TARIFF VERIFIED

BY TAV.

(Special Correspondence of The Argus.)
Washington, Sept. 30.—When the Payne-Aldrich bill was before the senate, blind Senator Tom P. Gore of Oklahoma staked his reputation that if the measure was passed extreme high prices would follow. The prophecy was fulfilled. Average prices rose more than 17 per cent from June to December, 1909. The prices of steel trust common stock more than doubled in six months in 1909.

Always Increases Prices.
It is the history of all protectionist countries that tariff revision upward means increased prices. It is not generally realized how rapidly

FIND TRACE OF DYNAMITE

Explosive Used in Los Angeles Crime Bought in Frisco.

REWARD FOR GUILTY

Third Bomb Placed at Home of Owner of the Times Fails to Explode.

San Francisco, Cal., Oct. 3.—The theory of the Los Angeles police that the explosives used to blow up the Times building was purchased in this city is supported by the fact that the dynamite found at the residence of F. J. Zeehandelaar in Los Angeles bore the label: "80 per cent giant gelatine, Giant Powder company, Giant, Cal., Sept. 20."

But One Order Filled.

The superintendent of the Giant works says the only 80 per cent gelatine dynamite the company manufactured in several months was on a special order for 500 pounds, about Sept. 20, on order from their San Francisco office, to be delivered to the launch Peerless. It bore the above label.

Could Identify Them.

San Francisco, Oct. 3.—Bruce McCaul, chief invoice clerk of the Giant Powder company, said today he could identify the three men who purchased the 500 pounds of dynamite from his company Sept. 23. The man who paid for the dynamite gave the name of A. J. Bryson and one of the others said his name was Morris. McCaul said a few days later Morris came for the explosive, which was delivered to the launch, Peerless. The men said they intended using it for blowing up stumps on a farm.

Find More Bodies.

Los Angeles, Cal., Oct. 3.—Pinned down by tons of twisted steel girders, a number of bodies were reported found early today by workmen engaged in removing the debris of the wrecked Times building. It was impossible to recover the bodies until heavy material was lifted away.

Five Men Suspected.

It is now doubted if the bodies of any more of the victims will be recovered as it is believed they were consumed by the flames.

According to detectives five men were seen loitering near the Zeehandelaar house Friday afternoon. The police, it is said, have a fair description of these men. The police believe these five planted the bombs at the Times office and the residences of Otis and Zeehandelaar.

Seventeen men are now in jail booked as dynamite suspects.

Digging in Ruins.

Los Angeles, Cal., Oct. 3.—Three hundred men digging unceasingly for 30 hours into the debris of the wrecked Times building last evening had unearthed five of the 19 bodies buried in the ruins. The shovel brigade is still at work, aided by a huge railway crane and derrick, which is lifting out the heavy steel beams.

The police are guarding the homes of General Harrison Gray Otis and of General Manager Harry Chandler. Guards also are watching over the plants of several concerns recently involved in strikes.

Offer Big Reward.

Four arrests have been made since the explosion. In the hope of getting information as to the perpetrators of the outrage, Mayor Alexander increased the city's offer of reward yesterday to \$10,000. This, together with the offers of local newspapers and labor organizations, whose leaders have announced a determination to assist in the search for the criminals, raises the total amount of proffered rewards to \$18,500. The city's offer is intended to tempt any one having knowledge of a dynamite conspiracy to divulge the secret. There are no conditions.

Second Attempt Discovers.

An attempt to destroy the residence of General Harrison Gray

Otis, publisher of the Los Angeles Times, by means of an infernal machine, was made Saturday afternoon. Following as it does the explosion which early Saturday, with great loss of life, destroyed the buildings and plant of the Times, a suspected effort to blow up the auxiliary plant of that paper and the finding of a powerful infernal machine in the residence of Secretary Zeehandelaar of the Merchants' and Manufacturers' association, the attempted outrage has wrought this city to an intense state of suspense and excitement. General Otis and the other responsible heads of the paper unequivocally charge the Times building disaster and the narrowly averted attempts at further destruction of life and property, to labor union sources.

Repudiate Accusations.

With equal emphasis the leaders of union labor here and throughout the state repudiate the accusation and have offered all aid in their power in the effort to detect the culprits.

For 20 years, following a quarrel with the typographical union which resulted in making the Times a non-union paper, General Otis has fought unionism with every resource at his command. He has been seconded in this fight by the Merchants' and Manufacturers' association, whose secretary was the object of frustrated dynamiting Saturday.

Feeling Intense.

The feeling which ran high throughout the city during the day over the Times disaster was augmented when the startling discovery was made that a dynamite bomb had been found under the residence of Secretary Zeehandelaar and reached a state of alarm and consternation when the attempt on General Otis' residence became known.

SOME CREDIT TO INSURGENTS

President Taft Delivers Conciliatory Address Opening New York Campaign.

TALKS OF THE FUTURE

Mildly Praises Tariff Act and Says Commission Will Not Report Till After Election.

New York, Oct. 2.—President Taft delivered what will probably be his only public address of the present campaign at the banquet of the National Republican league at the Hotel Astor Saturday night. The president's speech was marked by an unusually conciliatory tone toward the insurgent wing of the party. He gave "all factions of the party" due credit for their share in helping to put through the legislative program which the president took occasion to outline in some detail.

Report After Election.

President Taft announced that he had directed the tariff commission to make no report of the work it has accomplished up to this time, until after the election. He took this step, he declared in order to lift the commission out of politics entirely. He referred to his suggested future revision of the tariff, schedule by schedule, and declared that the Payne tariff law is coming generally to be recognized as a most creditable bill.

The president declared for a sweeping extension of the civil service.

Outlines Future.

In outlining the future plans of his administration the president placed stress upon the proposed federal incorporation law. He referred to the Standard Oil and tobacco trust cases pending in the United States supreme court and declared that he did not share the fears somewhat freely expressed that a decision adverse to the corporation would greatly disturb financial centers, halt general business and bring on financial disaster.

Besides the president, Representative Nicholas Longworth of Ohio was one of the chief speakers of the evening. His address was mainly a defense of the Payne tariff law.

Twenty Hurt in Wreck.

Lafayette, Ind., Oct. 3.—Twenty persons were injured, six severely, when a Lake Erie & Western passenger train ran into a freight near here today. No one was fatally hurt.

IMPERIAL SENATE OF CHINA MEETS

Peking, Oct. 2.—China took a forward step today when at noon the newly constituted imperial senate was opened by the regent, Prince Chun. In a brief address Chun stated the wish of the people was for a parliamentary government and he commended the senators to labor for this consummation.

MAIL POUCHES ARE ROBBED OF GOLD

Seattle, Wash., Oct. 3.—Mail pouches on the steamer City of Seattle from Skagway were robbed of an unknown amount of gold last night, all the bags being slit open. Two men have been arrested.

NO BANQUET FOR BROWNE THOUGHT OF

Beckemeyer Admits it Was Scheme to Shield Jack-potters.

LETTERS ALL FAKES

Senate Committee Gets Further Evidence Money Was Used to Elect Lorimer.

Chicago, Oct. 3.—Representative Clark, before the Lorimer investigators today, was asked to reconcile his statement before the grand jury that he had made up his mind to vote for Lorimer some days prior to election, and his testimony before the committee that he had determined to cast his vote that way only 30 minutes before his name was called. He said he had thought he would vote for Lorimer some days before the election, but came to an absolute conclusion about half an hour before the vote.

Admits Letter Was a Fake.

Representative Beckemeyer admitted the letter inviting him to meet Representative Wilson to discuss a banquet to Lee O'Neill Browne, was a "fake." Beckemeyer said that the letter had been dated back a year. The letter, it is alleged, was an attempt to make the meeting so-called "jack potters" at St. Louis appear an innocent proceeding.

Holstlaw Had the Money.

Evidence was presented in the hearing today showing Senator Holstlaw deposited \$2,500 in the bank the day he says Senator Broderick gave him that amount for voting for Lorimer.

Patterson Saw Good Thing.

Representative Joseph Groves of Camp Point testified Douglas Patterson, former minority leader of the legislature told him "it might be a good thing" for him if he would vote for Lorimer; that witness declared there was not enough money in Springfield to bribe him to vote for Lorimer and that Representative Terrill told him later he (Groves) could have had \$1,000 by voting for Lorimer.

Broderick Is Found.

Chicago, Oct. 3.—When the Lorimer investigating committee began its session today it was announced United States marshals had succeeded in serving witness summons on Senator Broderick and that he would testify later in the week.

Three Are Recalled.

The first witnesses for today it was announced would be Representatives White, Beckemeyer and Clark, all recalled for further examination. It was understood Minority Leader Browne would appear and testify this week, although he had not been served with a summons early today.

REVISER OF CREED DEAD

Rev. Samuel P. Sprecher Brought About Change in Church.

Cleveland, Ohio, Oct. 3.—Rev. Dr. Samuel P. Sprecher, renowned for having brought about a revision of the Presbyterian creed and who died here Saturday, was buried here today. At the 1900 convention of the Presbyterian church in St. Louis he made the speech that brought the conservative section over to the progressives' side. Later with former President Benjamin Harrison and others he revised the creed.

NEW RECORDS FOR STATE

Oldfield and Kercher Star in Auto Events at Springfield.

Springfield, Ill., Oct. 3.—In the automobile racing at the state fair today, Kercher, driving a 100 horsepower Barrac, broke the 3-mile circular track record of the state. The time was 2:47. Barney Oldfield, driving a Blitzen Benz, broke the mile state record, time 54 flat.

Ex-Champion Pugilist Dead.

Bridgeport, Conn., Oct. 3.—Frederick G. Bullen, former lightweight champion pugilist of the United States, is dead, aged 61.

Bankers in Session.

Los Angeles, Cal., Oct. 3.—The American Bankers' association met here this morning. The opening session was taken up with committee meetings.

Less Cotton Ginned.

Washington, Oct. 3.—The census bureau's cotton report issued today shows 2,302,211 bales ginned from the growth of 1910 to Sept. 25, compared with 2,568,150 for 1909.

Military Tournament at Omaha.

Omaha, Neb., Oct. 3.—Five thousand men and 200 officers of the regular army are to take part in a military tournament at Fort Omaha this week.
